Art Unit: 3731

The amendment filed Dec. 8, 2003 proposes amendments to the specification, claims and drawings that do not comply with 37 CFR 1.173(b), which sets forth the manner of making amendments in reissue applications. None of claims 30, 45, 54, 62, 63 and 78-87 are present in the patent. Therefore, they should be completely underlined without deleted matter in brackets. As to the drawings, each amended figure should include the word "amended" adjacent each figure number rather than at the top of the sheet. As to the specification, in col. 9, line 56 to col. 10, line 20 the deleted word is "termina" rather than "terminal". A supplemental paper correctly amending the reissue application is required.

A shortened statutory period for reply to this letter is set to expire ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this letter.
